Dear Martin,

I am writing you to commend you and your cleaners on exceptional service and attention to detail within our Sonoco, Devens facility.

With a 24-hour operation and up to 1500 people coming through, your people do a great job of keeping up with the cleaning of not only our cafeteria, but also all our entrances, hallways, multiple restrooms and offices.

We have not had a better crew of professional cleaning personnel within this facility until your company came here and showed us how it is really supposed to be done!

I can say with certainty that I am quite sure that our relationship will be a long lasting one.

Best Regards,

Randen Davis
