Dear Martin,

I am writing to express my satisfaction with the cleaning maintenance that JAE Cleaning Services continues to provide The Galvin Company. Since you took over as owner of the company, the service has been excellent.

High on my priority list when working with my vendors is responsiveness and quality. I appreciate that when we have an issue or a special request arise, you have acted quickly and handled my company's needs in a professional manner.

We own and manage a number of properties in the Quincy area and I feel confident in JAE Cleaning Service's ability to maintain these properties at a consistently high level so my customers can enjoy a comfortable living and working environment.

Thank you for your efforts.

Sincerely,

Fred Newton
